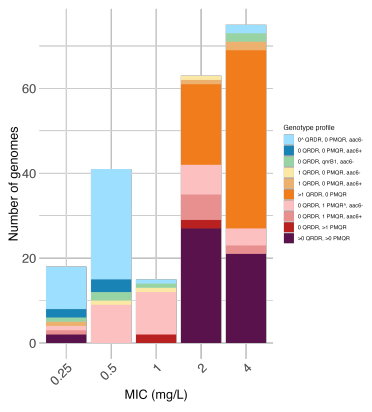
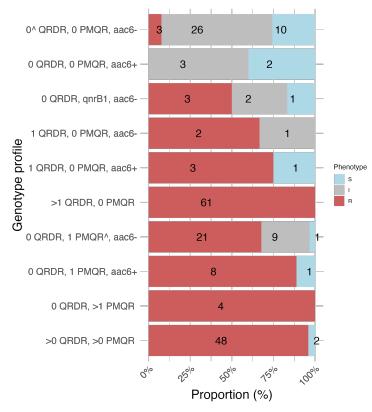
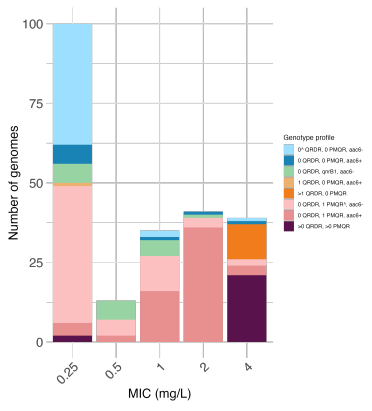
A) HowdenGorrie (N=212) − MIC distribution vs. genotype profile



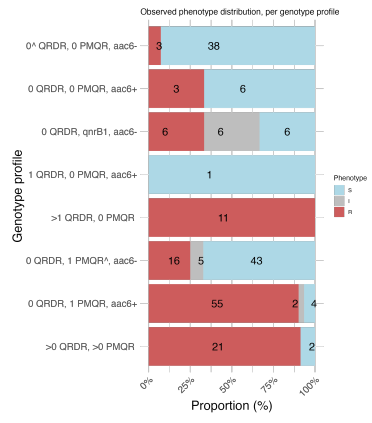
B) HowdenGorrie (N=212) − observed phenotype vs. genotype profile



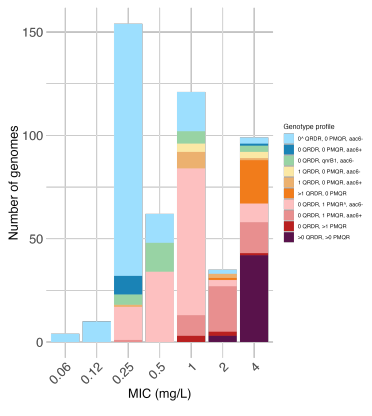
C) MBIRA (N=228) − MIC distribution vs. genotype profile



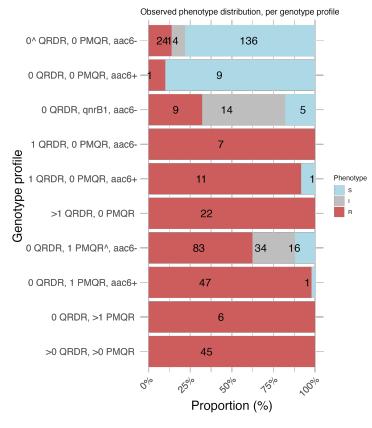
D) MBIRA (N=228) − observed phenotype vs. genotype profile



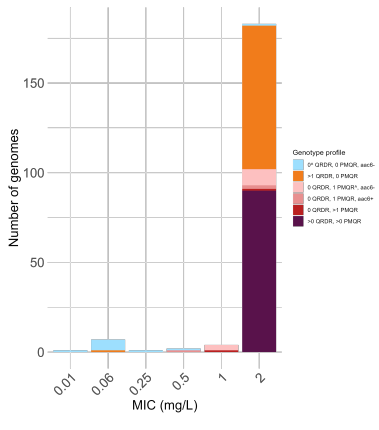
E) AGAR (N=198) − MIC distribution vs. genotype profile



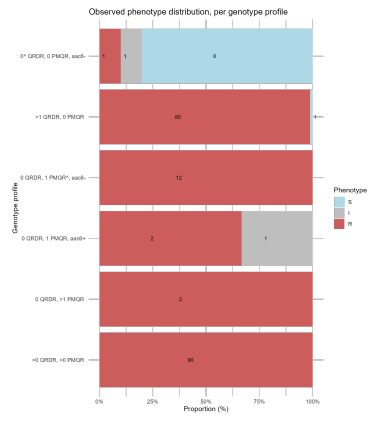
F) AGAR (N=485) − observed phenotype vs. genotype profile



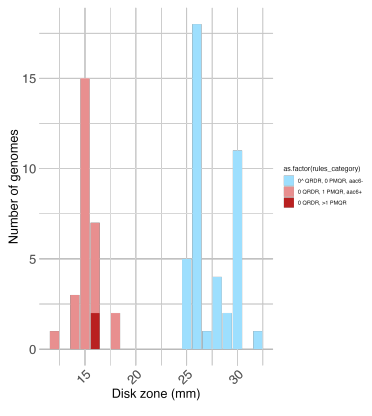
G) Milan SanRafaelle (N=198) − MIC distribution vs. genotype profile



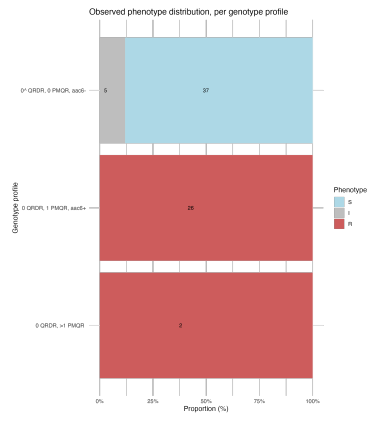
H) Milan SanRafaelle (N=198) − observed phenotype vs. genotype profile



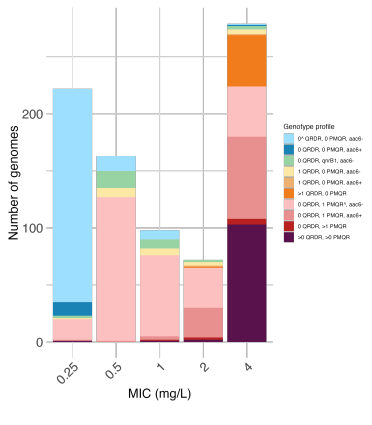
I) Hailu Ethiopia (N=70) − DD distribution vs. genotype profile



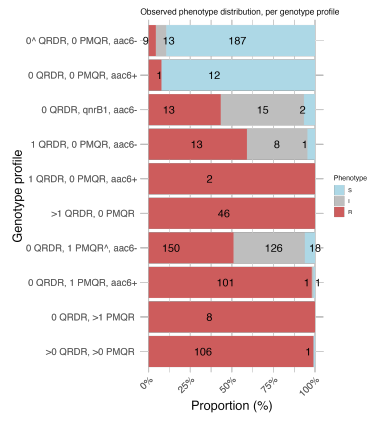
J) Hailu Ethiopia (N=70) − observed phenotype vs. genotype profile



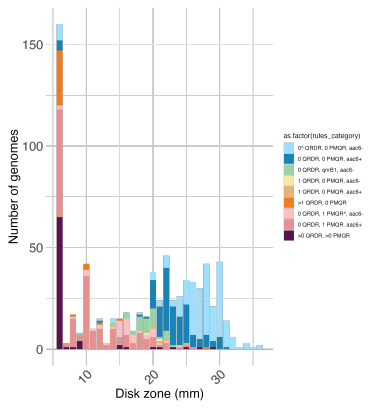
K) Kayama Japan (N=834) − MIC distribution vs. genotype profile



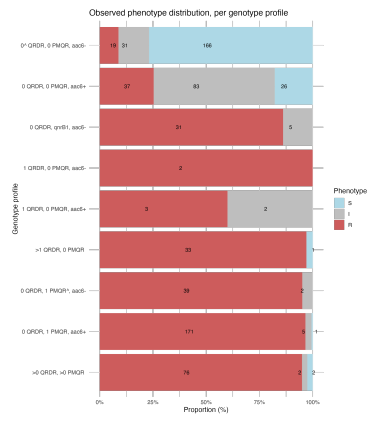
L) Kayama Japan (N=834) − observed phenotype vs. genotype profile



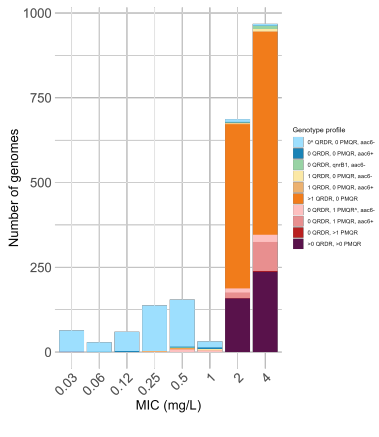
M) Feasey Malawi (N=737) − MIC distribution vs. genotype profile

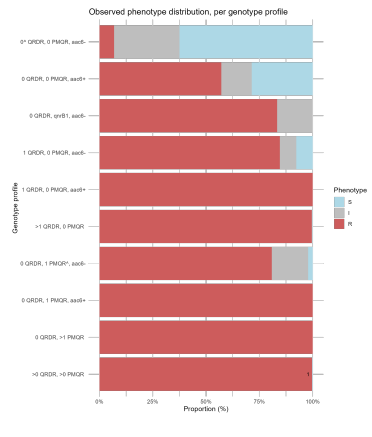


N) Feasey Malawi (N=737) − observed phenotype vs. genotype profile



O) EURECA & EUSCAPE (N=2133) − MIC distribution vs. genotype profile





P) EURECA & EUSCAPE (N=2133) − observed phenotype vs. genotype profile
